

WOW! 1 Gig Internet Now Available in Auburn and Huntsville

1 Gig Availability Connects Thousands of Residential Customers in Alabama with the Fastest Internet Speeds

Denver, Colo. – October 11, 2016 – WOW! Internet, Cable & Phone, one of the nation's leading broadband providers, today announced the availability of broadband speeds up to 1 gigabit per second (Gbps) in two local Alabama markets: Auburn and Huntsville. WOW! will now provide thousands of Alabama residents the fastest Internet speeds in the market.

In Auburn, WOW! is the first-ever service provider to bring residents 1 gigabit service. Upgrading to 1 gigabit Internet in Auburn and Huntsville will be easy for existing WOW! customers, requiring only a new modem to enjoy the fastest broadband experience.

“At WOW!, we’re committed to continually innovate and deliver products that help our customers connect,” said WOW! System Manager, Matt DeMuro. “In both Auburn and Huntsville, we are already offering the highest speeds available with our 600Mbps Internet service. By enabling 1 Gig Internet over our existing Alabama coax plant, WOW! customers will be able to access the fastest Internet service from WOW!”

Broadband speeds up to 1 gigabit per second allow residential users to stream high-definition video with little to no delay, and download movies, songs and TV shows in a matter of seconds. WOW!'s 1 Gig service gives residential customers peace of mind that they have a reliable data solution to support the growth of personal and smart home devices such as appliances, home automation, home security, telemedicine and more. And customers who have multiple devices on one Internet connection will no longer have to battle for bandwidth, while telecommuters can enjoy blazing speeds, seamless video conferencing and instant access to remote servers and cloud-based services, improving operations at the home office.

1 Gig Internet will be available as a standalone service for residential customers at \$70.00 per month with a 2-year term agreement, and can be bundled with existing WOW! cable and phone services. For more information on WOW!'s 1 Gig service, including current bundling options, please visit wowway.com/gigtopia.
